REDEFINED SAILING: LUXURY AND SUSTAINABLE

Seaview sailing catamaran stands out prominently on the global maritime stage, seamlessly blending Heysea's professional design prowess in the realm of super yachts with cutting-edge green technology solutions. Its objective is to deliver a quiet, luxury, and environmentally conscious sailing experience.

Different from other standardized catamarans, Heysea design team sets Seaview apart by prioritizing meticulous details and a profound understanding of how boat owners interact with their vessels. This commitment goes beyond external aesthetics, extending into carefully crafted internal spaces that cater to diverse needs. Whether sailing across expansive oceans or functioning as a vibrant social hub, Seaview excels in fulfilling a diverse range of purposes.

Seaview represents an unequivocal innovation, deserving admiration and enjoyment. Heysea guarantees that even the most discerning sailing enthusiasts will discover every desired element in the Seaview series. We eagerly anticipate the inclusion of more sailing enthusiasts in the journey of this groundbreaking creation, as they script their own maritime legends!

PROFILE VIEW

The Seaview 48 catamaran boasts impressive specifications, measuring 14.8meters in length, 8.02 meters in beam, and featuring a draft of 1.5 meters.

With a generous main sail area of 80 square meters complemented by a 50-square-meter foresail, this vessel seamlessly merges modern maritime technology with timeless sailboat aesthetics. It excels in both stability and long-range sailing performance, making it well-suited for Class I navigation zones.

Additionally, optionally equipped with an automatic steering system operable by a single person and a 48KWH lithium iron phosphate energy storage battery catering to the electricity needs for air conditioning during 6-8 hours at night, the Seaview 48 stands out as a leader in its class.

FLYBRIDGE

The flybridge is a versatile outdoor space with a barbecue, dining table, and sun lounges, serving as a perfect dining and sunbathing area.

The solar panels(optional) installed on the hardtop can convert collected solar energy into electricity, providing power for the daily living needs on the catamaran.

FOREDECK

The foredeck of Seaview 48 is equipped with a trampoline and features a fully enclosed anchor chain locker and a concealed anchor machine, ensuring a worry-free and exceptional sailing experience.

The design of the sunshade(optional) on the foredeck allows for seamless push-and-pull storage. When raised, it shields from direct sunlight, providing a refreshing sea breeze experience; when retracted, it minimizes outdoor space occupation, offering a panoramic view.

Additionally, this area is furnished with an open-air sea-view projection private cinema(optional) ,delivering an unparalleled visual indulgence.

AFTDECK

The aftdeck is equipped with sofa and table, providing comfortable seating for guests. The sliding kitchen window ensures seamless connectivity to the aft deck, allowing the owner to enjoy cooking while engaging with guests. The hydraulic swim platform (optional), serving as a flexible outdoor space, expands the social area when raised and integrates with the diving platform when lowered.

MAIN DECK

The salon of the Seaview 48 is embraced by expansive glass windows, allowing natural light to flood in from all directions. Dual-sliding glass doors at the front and rear encourage a seamless transition, enticing guests to explore the enchanting allure of the sea on both the foredeck and aftdeck. The open kitchen acts as a welcoming focal point, bringing friends and family together to enjoy cooking while engaging in social interactions.

LOWER DECK

The lower deck has spacious suites with comfortable beds, private bathrooms, and ample storage, meeting diverse needs. Meticulous design ensures efficient use of space, emphasizing both comfort and intricate details for a luxurious onboard experience.

The Seaview 48 is offered in two versions: a standardized leasing version and a customizable private ownership version, providing yacht owners with a range of layout options, including two-cabin, three-cabin, and four-cabin configurations.
